## **Independent Auditor's Report**

#### To the Trustees of Groote Schuur Hospital Trust

We have audited the annual financial statements of Groote Schuur Hospital Trust (the trust) set out on pages 8 to 21, which comprise the statement of financial position as at 31 March 2025, the statement of financial performance, the statement of changes in net assets, and the statement of cash flows for the year then ended, and notes to the annual financial statements, including a summary of significant accounting policies.

In our opinion, the annual financial statements present fairly, in all material respects, the financial position of Groote Schuur Hospital Trust as at 31 March 2025, and its financial performance and cash flows for the year then ended, in accordance with the Standards of Generally Recognised Accounting Practice (GRAP) and the requirements of the Public Finance Management Act (Act 1 of 1999).

#### **Basis for Opinion**

We conducted our audit in accordance with International Standards on Auditing. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Annual Financial Statements section of our report. We are independent of the trust in accordance with the Independent Regulatory Board for Auditors' Code of Professional Conduct for Registered Auditors (IRBA Code) and other independence requirements applicable to performing audits of financial statements in South Africa. We have fulfilled our other ethical responsibilities in accordance with the IRBA Code and in accordance with other ethical requirements applicable to performing audits in South Africa. The IRBA Code is consistent with the corresponding sections of the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards). We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Other Information

The accounting authority is responsible for the other information. The other information comprises the information included in the document titled "Groote Schuur Hospital Trust annual financial statements for the year ended 31 March 2025", which includes the Trustees' Report as required.

In connection with our audit of the annual financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the annual financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## **Independent Auditor's Report**

#### Responsibilities of the Accounting Authority for the Annual Financial Statements

The accounting authority is responsible for the preparation and fair presentation of the annual financial statements in accordance with the Standards of Generally Recognised Accounting Practice (GRAP) and the requirements of the Public Finance Management Act (Act 1 of 1999), and for such internal control as the accounting authority determine is necessary to enable the preparation of annual financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the annual financial statements, the accounting authority is responsible for assessing the trust's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the accounting authority either intend to liquidate the trust or to cease operations, or have no realistic alternative but to do so.

#### Auditor's Responsibilities for the Audit of the Annual Financial Statements

Our objectives are to obtain reasonable assurance about whether the annual financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with International Standards on Auditing will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these annual financial statements.

As part of an audit in accordance with International Standards on Auditing, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the annual financial statements, whether due to fraud or
  error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient
  and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting
  from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional
  omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the trust's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the accounting authority.
- Conclude on the appropriateness of the accounting authority's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the trust's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the annual financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the trust to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the annual financial statements, including the
  disclosures, and whether the annual financial statements represent the underlying transactions and events in a
  manner that achieves fair presentation.

We communicate with the accounting authority regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## GROOTE SCHUUR HOSPITAL TRUST Annual Financial Statements for the year ended 31 March 2025 Accounting Authority's Responsibilities and Approval

The trustees are required by the Public Finance Management Act (Act 1 of 1999) to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements fairly present the state of affairs of the entity as at the end of the financial year and the results of its operations and cash flows for the period then ended. The external auditors are engaged to express an independent opinion on the annual financial statements and were given unrestricted access to all financial records and related data.

The annual financial statements have been prepared in accordance with the Standards of Generally Recognised Accounting Practice (GRAP) and in accordance with the Public Finance Management Act (Act 1 of 1999).

The annual financial statements are based upon appropriate accounting policies consistently applied and supported by reasonable judgements and estimates.

The trustees acknowledge that they are ultimately responsible for the system of internal financial control established by the entity and place considerable importance on maintaining a strong control environment. To enable the trustees to meet these responsibilities, the trustees set standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the entity and all employees are required to maintain the highest ethical standards in ensuring the entity's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the entity is on identifying, assessing, managing and monitoring all known forms of risk across the entity. While operating risk cannot be fully eliminated, the entity endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The trustees are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The trustees have reviewed the entity's cash flow forecast for the year to 31 March 2026 and in light of this review and the current financial position, they are satisfied that the entity has or has access to adequate resources to continue in operational existence for the forseeable future.

The auditors are responsible for reporting on the entity's annual financial statements and their report is presented on pages 3 to 4.

The annual financial statements set out on pages 6 to 21, which have been prepared on the going concern basis, were approved by the trustees on 9 July 2025 and were signed by:

M A E Brey

L Shah

## GROOTE SCHUUR HOSPITAL TRUST Annual Financial Statements for the year ended 31 March 2025 Trustees' Report

The trustees present their report for the year ended 31 March 2025. This report forms part of the audited annual financial statements.

#### 1. Review of activities

#### Main business and operations

Groote Schuur Hospital Trust is engaged in fundraising and management of funds for distribution to benefit Groote Schuur Hospital and operates principally in South Africa.

#### Compliance with legislation

The Board complies with the mandatory legislation applicable to it such as the Public Finance Management Act 1 of 1999.

#### 2. Going concern

The annual financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

#### 3. Events after the reporting period

The trustees are not aware of any matter or circumstance arising since the end of the financial year.

#### 4. Trustees' interest in contracts

To our knowledge, none of the trustees had any interest in contracts entered into during the period under review.

#### 5. Accounting policies

The annual financial statements are prepared in accordance with the prescribed Standards of Generally Recognised Accounting Practices (GRAP) issued by the Accounting Standards Board as the prescribed framework by National Treasury.

#### 6. Financial Results

Groote Schuur Hospital Trust's operating results and financial position are reflected in the attached annual financial statements.

#### 7. Contributions

Groote Schuur Hospital Trust received R 1,300,000 from Groote Schuur Hospital Facility Board during the prior year to fund operational and administrative expenses. It had been noted that the contribution had not been utilised in full during the prior financial year and that the contribution supplemented donations received in the current financial period for operational and administrative expenses.

## GROOTE SCHUUR HOSPITAL TRUST Annual Financial Statements for the year ended 31 March 2025 Trustees' Report

#### 8. Trustees

The trustees of the entity during the year and to the date of this report are as follows:

Name Changes
J L Werner
M A E Brey
M B Mol
L Shah
V Qabaka
Z O Brey
M Petersen Appointed 9 Jan 2025

The Board has met 4 times during the financial period under review.

Attendance at meetings of the Board and its sub-committees are as follows:

Name	Meetings	Attended	Apologies
J L Werner	4	2	2
M A E Brey	4	4	0
M B Mol	4	3	1
L Shah	4	3	1
V Qabaka	4	3	1
Z O Brey	4	2	2
M Petersen	4	4	0

The Board appreciates and acknowledges the attendance of Dr Shaheem de Vries, the Chief Executive Officer of Groote Schuur Hospital at all 4 meetings during the year. The Board appreciates and acknowledges the attendance of Kristy Evans, the Executive Director of Groote Schuur Hospital Trust at all 4 meetings during the year.

#### 9. Auditors

A2A Kopano Inc. continued in service as the auditors during the financial period.

#### 1. General information

The following are the principle accounting policies of the Groote Schuur Hospital Trust, adopted in preparation of the annual financial statements.

#### Basis of preparation

Management has used assessments and estimates in preparing the annual financial statements. These are based on the best information available at the time of the preparation. The financial statements have been prepared on a going concern basis. All amounts have been presented in the currency of South African Rand, which is the functional currency of the Groote Schuur Hospital Trust.

#### 1.1 Presentation of Annual Financial Statements

The annual financial statements have been prepared in accordance with the effective Standards of Generally Recognised Accounting Practice (GRAP) for the accrual basis of accounting, including any interpretations, guidelines and directives issued by the Accounting Standards Board.

Accounting policies for material transactions, events or conditions not covered by the GRAP reporting framework, have been developed in accordance with paragraphs 8,10 and 11 of the GRAP 3 and the hierarchy approved in Directive 5 issued by the Accounting Standards Board.

#### **Materiality Framework**

Material omissions or misstatements of items are material if they could, individually or collectively, influence the decisions or assessments of users made on the basis of the financial statements. Materiality depends on the nature or size of the omission or misstatement judged in the surrounding circumstances. The nature or size of the information item, or a combination of both, could be the determining factor.

Assessing whether an omission or misstatement could influence decisions of users, and so be material, requires consideration of the characteristics of those users. The Framework for the Preparation and Presentation of Financial Statements states that users are assumed to have a reasonable knowledge of government, its activities, accounting and a willingness to study the information with reasonable diligence. Therefore, the assessment takes into account how users with such attributes could reasonably be expected to be influenced in making and evaluating decisions.

#### Fruitless and Wasteful and Irregular Expenditure

Fruitless and wasteful expenditure means expenditure that was made in vain and would have been avoided had reasonable care been exercised. Irregular expenditure means expenditure incurred in contravention of, or not in accordance with, a requirement of any applicable legislation, including the Public Finance Management Act.

All fruitless and wasteful and irregular expenditure is recognized in the statement of financial performance against the respective class of expenditure in the period in which they are incurred and where recovered, it is subsequently accounted for as revenue in the statement of financial performance.

## Standards and Pronouncements comprising the GRAP Financial Reporting Framework

The followings standards have been approved and are effective as at 1 April 2020: GRAP 20 Related Party Disclosure.

#### 1.2 Revenue recognition

#### Revenue from exchange transactions

Revenue from exchange transactions refers to revenue that accrues to the Groote Schuur Hospital Trust directly in return for services rendered or goods sold, the value of which approximates the consideration receivable, excluding indirect taxes, rebates and discounts.

Revenue arising from the use by others of Groote Schuur Hospital Trust interest yielding assets is recognised when:

It is probable that the economic benefits or services potentially associated with the transaction to the Groote Schuur Hospital Trust and the costs incurred or to be incurred in respect of the transaction can be measured reliably.

Interest is recognised on a time proportion basis, which takes into account the effective yield on the investment.

#### Revenue from non-exchange transactions

Revenue from non-exchange transactions refers to transactions where revenue was received from another party without directly giving approximately equal value in exchange. Revenue from non-exchange transactions is recognised to the extent that the related receipt or receivable qualifies for recognition as an asset and there is liability to repay the amount.

Donations are recognised at fair value as at the date of receipt.

#### Interest received

Interest received is recognised on a time proportionate basis using the effective interest rate method.

Revenue is recognised only when it is probable that the economic benefits or service potential associated with the transaction will flow to the entity.

## 1.3 Property, plant and equipment

Property, plant and equipment is recognised as an asset when, and only when it is probable that the future economic benefits will flow to the Groote Schuur Hospital Trust, and the cost of the property, plant and equipment can be measured reliably.

Property, plant and equipment is initially measured at cost. Transaction costs are included in the initial measurement.

Costs include costs incurred initially and costs incurred subsequently to add to, or to replace a part of, or service property, plant and equipment. If the replacement part is recognised in the carrying amount of the property, plant and equipment, the carrying amount of the replaced part is derecognised.

The entity shall measure property, plant and equipment after initial recognition at cost.

Property, plant and equipment are carried at cost less accumulated depreciation and any impairment losses.

Depreciation is provided using the straight-line method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment, which is as follows:

Item

Average useful life

Computer equipment

3 years

#### 1.4 Intangible assets

An intangible assets is an identifiable non-monetary asset without physical substance.

Intangible assets are initially recognised at cost.

All research and development costs are recognised as an expense unless they form part of the cost of another asset that meets the recognition criteria.

Intangible assets are carried at cost less any accumulated amortisation and any impairment losses.

Amortisation is provided to write down the intangible assets, on a straight line basis, to their residual values as follows:

ItemUseful lifeComputer software5 years

The amortisation period and the amortisation method for intangible assets are reviewed at each reporting period date if there are indicators present that there is a change from the previous estimate.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss in the period.

#### 1.5 Financial instruments

#### Initial recognition and measurement

The entity shall recognise a financial asset or a financial liability in its statement of financial position when, and only when, the Groote Schuur Hospital Trust becomes a party to the contractual provisos of the instrument and are recognised at cost. Subsequent to initial recognition, these instruments are measured as set out below:

### Measurement

When a financial asset or financial liability is recognised initially, the entity shall measure it at its fair value plus, in the case of a financial asset or a financial liability not subsequently measured at fair value, transaction costs that are directly attributable to the acquisition or issue of the financial asset or financial liability.

#### Subsequent measurement

The entity shall measure all financial assets and financial liabilities after initial recognition at Financial Statements at Fair Value and a gain or loss is recognised through profit and loss.

#### Cash and cash equivalents

Cash and cash equivalents are stated at amortised cost, which, due to their short-term nature, closely approximate their fair value. Cash and cash equivalents comprise of cash at bank, cash on hand and deposits held on call. Bank overdrafts are recorded as current liabilities.

#### 1.5 Financial instruments (continued)

#### **Accruals**

Accruals are recognised as liabilities when the entity has taken receipt of the related goods or services without a corresponding invoice having been issued.

The amount of accruals is the present value of the expenditure required to settle the obligation. Accruals are recognised for future operating deficits.

#### **Deferred income**

Deferred income is recognised when there is reasonable assurance that the trust will comply with the conditions attached to the funding or donations and that the funding or donations will be received.

Deferred income is recognised as income over the periods necessary to match the income with the related costs.

#### 1.6 Taxation

The Groote Schuur Hospital Trust is not required to make provision for SA Normal Taxation in the annual financial statements, since it is exempted in terms of section 10(1)cA(i) of the Income Tax Act 58 of 1962 as amended.

The Groote Schuur Hospital Trust is defined as a public authority in terms of the VAT Act 98 of 1991 as amended and is not required to register for VAT (Value Added Tax). The Groote Schuur Hospital Trust is also exempt from paying Skills Development Levy in terms of Section 4(d) of the Skills Development Levies Act no 1999.

#### 1.7 Impairment of financial assets

At each end of the reporting period, all financial assets are assessed, other than those at fair value through surplus or deficit, to determine whether there is objective evidence that a financial asset or group of assets has been impaired.

Impairment losses are recognised in surplus or deficit.

#### 1.8 Employee benefits

#### Short-term employee benefits

The cost of short-term employee benefits (those payable within 12 months after the service is rendered, such as paid vacation leave and sick leave, bonuses, and non-monetary benefits such as medical care), are recognised in the period in which the service is rendered.

## 1.9 Significant judgements and sources of estimation uncertainty

In preparing the annual financial statements, management is required to make estimates and assumptions that affect the amounts represented in the annual financial statements and related disclosures. Use of available information and the application of judgement is inherent in the formation of estimates. Actual results in the future could differ from these estimates which may be material to the annual financial statements. Significant judgements mainly include the depreciation applied to property, plant and equipment and impairment, amortisaion of intangible assets and testing of financial assets

#### 11. Financial Risk Management

The Board, in the course of normal operations, has limited exposure to the financial risks and attempts to manage the following financial risks:

#### Liquidity risks

The trust manages liquidity risk through proper management of working capital, capital expenditure and actual versus forecasted cash flows. Adequate reserves and liquid resources are also maintained.

The maturity analysis of payables at reporting date were as follows:

## Minimum payments due

- within one year

**2025** 2 074 965

**2024** 4 212 348

#### Market risk

Market risk is the risk that the fair value cash flows of financial instruments will fluctuate because of changes in commodity prices, interest rates and equity prices.

A significant part of the market risk encountered arises from financial instruments that are managed by other financial institutions.

The objective of the market risk management policy is to protect and enhance the statement of financial position and surplus or a deficit by managing and controlling market risk exposures and to optimise the funding of business operations and facilitate the capital expansion.

#### Interest rate risk

The money market account attract interest rates that vary with prime. The Board's policy is to manage interest rate risk by investing in a range of balanced portfolios so that fluctutations in variable rates do not have a material impact on the surplus or deficit.

At period end, financial instruments exposed to interest rate risk were as follows:

(i) Balances with banks and money market accounts.

#### 11. Financial Risk Management (continued)

#### Credit risk

Credit risk is the risk of financial loss to the entity if a customer or other counterparty (including government and financial institutions) to a financial instrument fails to meet its contractual obligations. Credit risk arises primarily from the sale of goods and services in the ordinary course of business. Credit risk includes counterparty risk and delivery or settlement risk. Counterparty risk is the risk that a counterparty is unable to meet its financial and/or contractual obligations during the period of a transaction.

The trust was not exposed to credit risk of financial assets during the period.

#### 12. Fruitless and wasteful and irregular expenditure

#### Fruitless and wasteful expenditure

No fruitless and wasteful expenditure were identified during the financial period.

#### Irregular expenditure

No irregular expenditure were identified during the period.
